

## PRODUCT INFORMATION

### CATALOGUE PRICE LIST

Scan the QR code and choose your respective country to view the price list on our website.

### ANTI-BACTERIAL +

Our laminates come with anti-microbial feature to provide continuous protection by inhibiting the growth of microbes on the surfaces. Microbes are microscopic organisms that are too small to be seen with bare eyes.

### LAMITAK LAMINATES

- typically conform to the requirements of ISO 4586.
- are in size of 4' x 8' (1220mm x 2440mm) [+/-10%], and selectively available in 4' x 10' (1220mm x 3050mm) [+/-10%].
- are in thickness of 0.7mm [+/-0.1mm] for non-gloss finishes and 1.0mm [+/-0.1mm] for high gloss finish.
- in postforming grade are available on an indent basis only.

### SURFACE FINISHES

<b>D, DC</b>	- DRI-MATT*	<b>C, E, K, X</b>	- Textured
<b>XM</b>	- Supermatt	<b>G</b>	- High Glossie
<b>MT</b>	- Mirage	<b>B</b>	- Leather
<b>BS</b>	- Brushstrokes	<b>M</b>	- Matt
<b>MD</b>	- Microdots	<b>S</b>	- Suede
<b>XL</b>	- Brushed		

### USE AND CARE GUIDE

Lamitak laminates are durable, abrasion resistant and impact resistant under normal use. To better care for your laminates:

- Do not chop, slice, or hammer directly on the laminate surface.
- Do not use sharp objects such as knives or box-cutters on the laminate surface.
- Do not place hot cookware directly on the laminate surface.
- Do not expose the laminate to temperatures above 60°C for prolonged periods, which may cause the laminate to separate from substrate.
- Do not flood the laminate or introduce water at joints, which may cause the substrate to expand.

### CLEANING

Our laminates are easy to clean:

- Use warm water and a clean non-abrasive cloth to remove most stains.
- Use a mild household cleaner or detergent if necessary and rinse with clean water.
- Dry the surface with a clean non-abrasive cloth.

Special attention may be required for stubborn stains - apply a small amount of thinner on a clean non-abrasive cloth to gently remove stain and rinse the area with another clean damp cloth. Avoid using any cleaning agent containing acid, alkali or sodium hypochlorite, as they may corrode, discolour or damage the surface of the laminate.

### BUYERS SAFEGUARD & AUTHENTICITY

All our laminate designs are crafted and fine-tuned to the slightest detail. Insist on the original and be certain of its authenticity. We recommend checking your finished product against the samples in this Lamitak catalogue. Alternatively, you may request for sample laminate chips at any of our offices.

### DISCLAIMER

Kindly inspect all products before installation. We warrant solely to the original Buyer that the products will be free from defects in materials under guidelines of ISO 4586 – Part 1 & 2, when given normal, proper and intended usage, and limited to the extent of the cost of the product only for a period of 3 years from the date of sale to the Buyer.

## ENVIRONMENTALLY RESPONSIBLE

Lamitak products are awarded the internationally recognised GREENGUARD and GREENGUARD Gold Certifications for its low toxic emissions of air-borne pollutants.

Certification No. 042 - 006  
ENVIRONMENTALLY IMPROVED  
LOW EMISSION LOW TOXICITY

Our range of laminates are endorsed by Singapore Green Label for their environment-friendly features. The certification is awarded to products that meet the stringent eco-standards and are qualified for Singapore Building Construction Authority's Green Mark programme.

## CERTIFICATION

Lamitak laminates are Class 'O' Fire Rated certified by TÜV SÜD PSB under BS476 Part 6 & 7 standards. Kindly contact us for a certificate.
